SUMMARY

Electronics & Telecommunication Engineering graduate with hands-on expertise in Python, AI systems, and web development. Experienced in building RAG-based chatbots, desktop automation tools, and Flask applications. Proficient in LLM integration, vector databases, and document processing. Also experienced in SEO optimization from digital marketing internships.

COURSEWORK / SKILLS

Language: Python

Database: SQL | Vector Databases

Frameworks & Technologies: Flask | REST API | LangChain | LangGraph | ChromaDB | FAISS | Sentence-Transformers

AI: Retrieval-Augmented Generation | Vector Embeddings | LLM Integration | Document Processing | Text Chunking

Tools & Knowledge: GitHub | VS Code | MySQL | DSA | DBMS | Computer Networking

PROJECTS

RAG-Based Intelligent Document Chatbot | Python - *PRESENT*

LangChain | ChromaDB | FAISS | Sentence-Transformers | OpenAI | Groq

- Building a production-ready RAG system processing multiple document formats (PDF, DOCX, Excel). Implements semantic search using FAISS vector store with HuggingFace embeddings and integrates multiple LLM providers (OpenAI, Groq) via LangChain. Features intelligent text chunking and dynamic retrieval.

JARVIS - Text-Based Desktop Assistant | Python | Pillow

- Developed an intelligent desktop assistant automating tasks including opening applications, Google searches, and website launches. Demonstrates Python automation and OS-level integration.

To-Do Web Application | Flask | Python

- Full-stack task management web application using Flask with routing, form handling, and dynamic templates.

INTERNSHIP

Manoeuvre Education | SEO Intern *Aug'26 - Present*

- Currently working on both on-page and off-page SEO.
- On-page SEO: keyword research, blog writing, and blog posting.

Eiosys | SEO Intern *Jan'26 - Jun'26*

- Executed off-page SEO strategies and optimized blog content. Monitored performance metrics using Google Search Console for organic traffic tracking.

Vanillakart | Digital Marketing Intern *Dec'23 - Jan'24*

- Performed keyword research using SEO tools and gained hands-on experience in website optimization and search engine ranking analysis.

ACADEMIC QUALIFICATIONS

Bachelor of Engineering (B.E.) *2021-2025*

University of Mumbai. CGPA: 6.83

Higher Secondary School Certificate (H.S.C) *Feb'20*

Maharashtra State Board. Score: 79.50%

Secondary School Certificate (S.S.C) *Mar'18*

Maharashtra State Board. Score: 78.40%
